

PIANOS IN PUBLIC SCHOOLS

Success of Country-Wide Campaign
for Better Musical Education
for Children—What Philadel-
phia Bulletin Says
Editorially.

The campaign for more thorough musical instruction in the public schools, which extends throughout the country, has resulted in the purchase of hundreds of pianos of the better sort by many of the larger cities. While in the past it was not the case that the pianos were purchased with funds collected by the teachers and pupils, the campaign has reached a point where the funds of education of the children have been compelled to take the matter up and appropriate a share of the general fund for the purchase of pianos where instruments are needed.

The press of many cities has taken a lively interest in the matter, and only recently the Philadelphia Bulletin published an interesting editorial on the subject. "Every school where the children ought to have at least one piano, many of them need several. In the past pianos have been secured by voluntary contributions, by raising funds and the like, but conditions became so unsatisfactory that the Board of Education was compelled to stop all collections, including those for such excellent purposes as piano purchase. The demand is now made that the Board provide the instruments which the children have the right to have. At present pianos can be secured only through the favor of some rich person or by a virtual violation of the rules."

"Philadelphia's conservatism is shown somewhat clearly in the lagging way in which it has taken to music as an educational feature. We have music taught in the schools to a slight degree, but it is not a compulsory part of the curriculum, and without some sort of musical instruction, and the Board of Education should specially endeavor to provide pianos wherever this necessary adjunct to useful and pleasant instruction in that art may now be needed."

HEBRON HIGH SCHOOL NOTES

The question, "Resolved, That U. S. Senators should be elected by the Direct Vote of the Electors," will be debated Saturday night, March 25, at the I. O. O. F. hall. Affirmative: Maud Chitt, Louise Taylor, Sarah Rucker; negative: Edith Grier, Mary Musselman, Bertha Clark.

Mr. Durbin of the Allen & Bacon Book Co. visited our school Wednesday. The corn train passed through our village Wednesday and a number of the students listened to a brief discourse by a gentleman on the train. The members of the Senior Class, who attended the county teachers' examination in the month of March, have received open returns and made a very creditable showing. They will finish the examination next month. School was dismissed Tuesday from 12 until 12:30 o'clock, in order that the students might attend the funeral of Mrs. Wm. Comisford, freshman, the mother of Rue Comisford, freshman. The seniors are now outlining their orations.

Kathryn Davis and Ruth Pence expect to attend school this summer at Rio Grande College.

The Hebron high school boys have organized a baseball team and are now out for the scalps of any team in Licking county.

WHERE ONE AMERICAN EQUALS FOUR JAPANESE

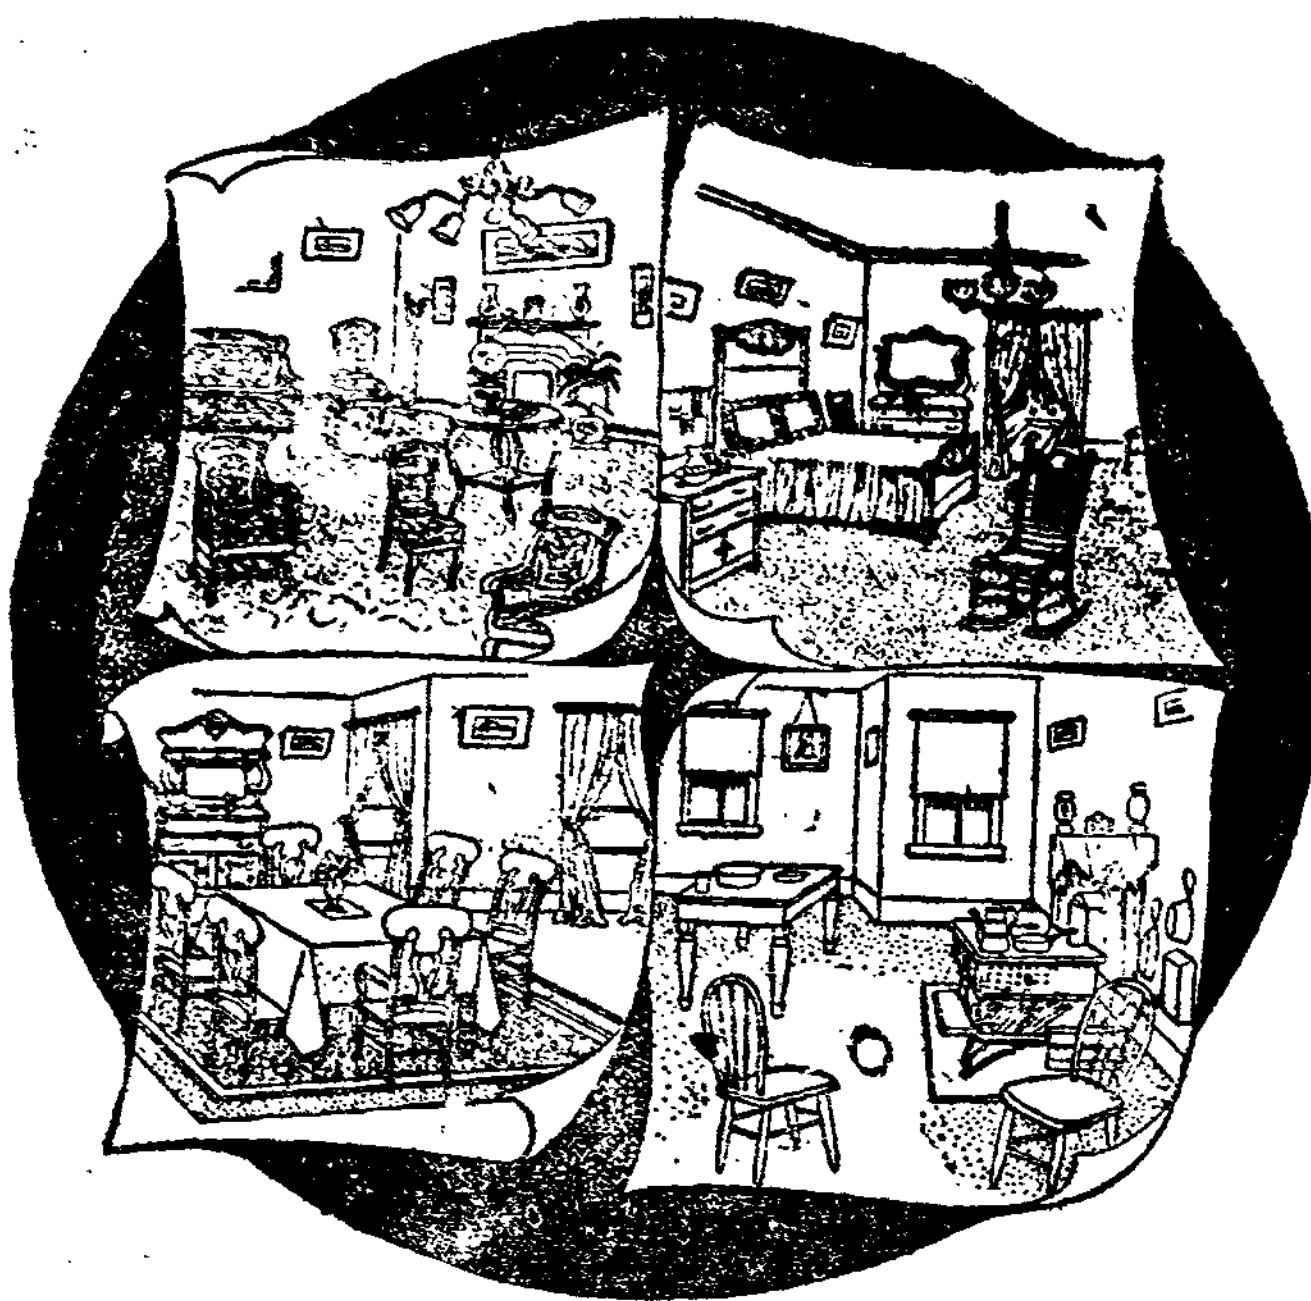

Clarence Poe, who has made a thorough first-hand study of manufacturing and commerce in Japan, says that in the Tokyo branch of the Kanagafuchi Spinning Company, a company which controls 300,000 spindles, the director, speaking from the experience of one of the greatest and best conducted industries in Japan, declared: "Your skilled factory laborers in America or England will work four sides of a ring frame; our unskilled laborer will work only one." A young Englishman in another factory declared: "It is as if men here to do the work that I and my mate would take care of at home." An American visitor told me that it takes three or four times as much Japanese as foreign labor to look after an equal number of looms. A Japanese expert just back from Europe declared recently that "Lancashire labor is more expensive than ours, but really cheaper."

In a similar vein, in the April 15 issue of the New York Times, a statistician declared that the "cheap" labor of Japan is the most expensive in the world.

WHY WE WORK

By the Ad. Writer of the Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

1. To earn money to buy the necessities of life. We must have it and it takes money to obtain them. Simple enough, but it will not satisfy the grocer or the tailor, and so many people work to earn they have to work. As they work they should make their money work by leaving it with the Buckeye, a company with assets of over \$1,000,000, and which pays five percent on its deposits. Write or call for booklet. AMUSEMENTS

Madame Sherry.
"Madame Sherry," the musical comedy rage of New York this season which, after six months of unprecedented success in Chicago, is now attracting sensational attendance at the New Amsterdam theatre and promising to remain all year or even longer in Manhattan, will come here Thursday, March 30, for an engagement of one performance only.

The announcement that a success of the magnitude of "Madame Sherry" is to be offered in this city at the very height of its metropolitan favor, has naturally stirred up local interest to an unusual degree, and every indication is for a phenomenally successful engagement. Manager Woods, Frazee & Lederer have maintained a rain organization at the New Amsterdam theatre, the members of which have been interchanging performances, and it is one of these splendid companies, including such musical comedy favorites as Edward M. Favor, Tessa Kosta, Edith Sinclair, R. Emmet Lennon, Emilie Hayward, Joe Smith Marba and others, which will be seen here in the popular French vaudeville. In every detail the performance is a duplicate of the big New York production, and it is coming here with all the splendor of cast, chorus, stage settings and special orchestra.

The Spendthrift.
The high cost of living has been taken up and discussed in a most interesting way by Porter Emerson Browne in his great drama, "The Spendthrift," which comes here from its long run at the Chicago opera house, which followed a five months' engagement at the Hudson theatre in New York. This subject of such vital interest to practically every one is given new twists and turns by Mr. Browne and they strike him forcibly. When the summer heat in New York was near the boiling point theatre-goers flocked to see this play. Its situations date to our very existence. It is a real play of real life of today and will be the attraction at the Auditorium theatre on Saturday, April 1, matinee and night.

The Girl and the Tramp.
A number of good plays are spoiled through faulty production, the producer not being able to grasp the author's ideas, but the management of "The Girl and the Tramp," which will appear at the Auditorium next Monday, March 27, have secured the services of Mr. Carlos Inskeep, the author of this successful comedy-drama, as one of its members, and under his direct supervision the situations are brought out full and distinct and the story enacted just as the author intended it should be, so the public will see in this attraction one of the very few correctly produced and with a cast fitted to every character.

The Orpheum.
Manager Bassett, ever ready to cater to the wants of his patrons, has induced owner O. G. Murray of the Arcade Orpheum theatre to send him a bill for the last half of this week that is way above the ordinary. It is not always possible to secure the best vaudeville talent as other cities larger than Newark are making constant demands for the high priced acts but Manager Bassett has been very fortunate in this respect. His offering for the balance of the week should be seen by all lovers of vaudeville for it is indeed high class and well worthy of patronage. After an overture of comedy hits by Grace Cranston the bill opens with Bobby Burnett the black face comedian. Bobby is one of those old time minstrels whom it is always a delight to hear. His "stuff" is all good, his singing is excellent and he receives much applause for his effort. Keefer & Brendel in an act which they introduce as "The Sole Savers," scored a decided hit with everyone in their first appearance Wednesday. Both are German comedians of more than ordinary ability and one of the team is a clog artist of recognized merit. They get many a laugh for their witticisms and funny sayings. The three Musical Millars will assist in packing the Orpheum for the remainder of the engagement. A good musical act always makes a hit with a Newark audience but the Millars are the superior of all acts of the kind. Their rendition of the different numbers proved them finished musicians. The Avalon Juggling Four, is an act alone well worth more than the price of admission. One of the team is a handsome young lady and her juggling is simply marvelous. The Avalons leave the vaudeville stage in a couple of weeks to join the Ringling shows and they are said to be the highest priced artists in the profession. They work every minute and the dozens of clubs flying over the stage mystifies the spectators and causes them to wonder how the manipulators keep them all in the air at one time. Everyone should see his act before the engagement closes Saturday night. The Orpheumscope is showing a splendid film.

GREAT SOUTHERN THEATRE.

The story of "The Dollar Princess" which comes to the Great Southern Theatre, Columbus, Thursday, March 30, deals with the affairs of the eccentric John Cowder, president of the American Coal Trust, who believes that his enormous wealth entitles him to the cream of the world's good things, and who has a theory that money-hunting foreign noblemen should be taught to work. He therefore engaged poor, but titled people as his servants, paying them fabulous salaries. His butler is a baron and his head groom is a French marquis. Cowder is a widower and has a daughter and a niece who are very beautiful, and he is in search of a housekeeper, an aristocratic lady who will manage his household on a scale in keeping with the blue-blooded mentality. His brother and his nephew, pensioners of Cowder's promise to find just the right person, and they introduce to him Olga Tararoff, a lady lion tamer, whom they palm off upon the old man as a Russian countess. The Coal King is much pleased with Olga and at a ball in his mansion he announces his engagement to her. Olga's extravagance makes a big hole in Cowder's millions and the situations are exceedingly funny. "Seven Days" will play a return engagement of one night and a matinee, Saturday, April 1, at the Great Southern. This is the one play of the season which nobody should overlook, for it has made its reputation as the best comedy in many years, a rapid-fire and never-miss laugh producer, a three-hour bombardment of irresistible fun.

CHURCH MEN'S CLUB ORGANIZED

About eighty-five men of Trinity Episcopal parish gathered Thursday night to enjoy a supper and smoker at the parish house, and the result of the evening's meeting was the organization of the Trinity Church Men's club, for membership in which fifty-five of those present subscribed their names. The objects of the club are to interest men in general church work and religious matters, and is in line with the objects of the Laymen's Forward Movement which is going over the country.

The officers elected last night were President, H. O. Norris; vice presidents, Frank C. Webb and Henry D'Olier; secretary, Walter C. Metz.

The Eternal Question.

The most important question of today is "Why have the soldiers gone to Texas?" The Dallas, Texas, News, may have answered the question when it suggests that if the 20,000 United States soldiers do not have any battles to fight along the Rio Grande, they may come in handy for helping the border farmers harvest the hay.

CATARH IS SURELY A DANGEROUS DISEASE

Thousands of people allow catarrh to slowly undermine the whole system until a serious disease develops—sometimes consumption. People who have catarrh should use every effort to get rid of it, but should above all adopt a sensible method. Stomach dosing, sprays and douches won't cure catarrh because it is a germ disease, and the germs must be destroyed before the disease can be conquered.

HYOMEI is the one sensible cure for catarrh because it reaches every fold, crevice and nook in the mucous membrane and gets where the germs are. You breathe HYOMEI and as it passes over the inflamed membrane its soothing influence heads the soreness and destroys the germs.

A complete HYOMEI outfit costs \$1. This consists of a bottle of HYOMEI and a hard rubber inhaler. Pour a few drops of HYOMEI into the inhaler and breathe it a few minutes each day, that's all you have to do. It is guaranteed by Evans Drug Store, and druggists everywhere to cure catarrh, coughs, colds, and sore throat or money back. Extra bottle of HYOMEI costs 50 cents. Free trial sample on request from Booth's Hyomei Co., Buffalo, N. Y.

F. S. SCOTT HAS BEGUN DIVORCE PROCEEDINGS

Files Petition Friday afternoon, Alleging Gross Neglect and Desertion.

The Advocate's special correspondent from Reno, Nev., Thursday, March 23, tells of the marital troubles of Mr. and Mrs. Fletcher Scott of Newark. Mrs. Scott was the cause of much trouble among her Newark friends.

A divorce was granted by the Nevada Supreme Court on Friday morning.

Mrs. Zebbia Scott, wife of F. S. Scott, of Newark, arrived in Reno, Nev., some weeks ago, and now is in the city.

Mrs. Scott declines to give any details, but she is said to be in the city for some time, waiting all questions to be asked by the court.

Some time after Mrs. Scott arrived in Reno, her husband, George Scott, who is interested in various corporations in Newark, came from Newark in an effort to effect a reconciliation between her and Mr. Scott, but failed.

Before coming to Reno, Mr. Scott was in the city of Newark, and it is believed that he had been away from his home in Newark for some time.

Mrs. Scott is one of the most striking women in Reno. Her beauty and manner are the admiration of all who know her.

Director Scott was seen by an Advocate's representative today and stated that he had been away from his home in Newark for some time, leaving this city. He further stated that an agreement was made between them regarding a separation, and that it was decided that he was to file the petition in the Nevada county courts.

The divorce laws of Nevada provide that a petitioner for such action must notify the defendant forty days in advance of the filing of the suit. Mr. Scott states that he has not yet received such notification.

Late Friday afternoon, Mr. Scott, through his attorney, J. W. Horner, filed a petition in the common Pleas court, asking for a divorce from his wife, Zebbia Scott, on the grounds of gross neglect and desertion.

Especially designed suits for young men at Rutledge Bros. \$10 and up. w.

GRAY'S VOTE

Will Be Cast For Champ Clark For Speaker, He Says.

Richmond, Ind., March 24.—Finley Gray, Democratic congressman from the Sixth district, who, in his campaign, declared he would not go into a party caucus on the Speaker-ship and declined to take part in the Democratic caucus last January, when Champ Clark was decided on as the candidate, said yesterday he would vote for Clark. "As matters appear now," he said, "I am for Clark, for he has defined his position along genuine progressive lines. He is for tariff revision by schedules, for a tariff commission, for reciprocity with Canada, for the election of Senators by direct vote, and for other progressive measures."

NERVOUS DEBILITY

This Illinois School Teacher Was Almost Prostrated but Was Cured by Dr. Williams' Pink Pills.

When the nerves are unstrung it means that the blood is not supplying the nervous system with the proper elements in sufficient quantity to replace the waste caused by work requiring nerve force.

This is a frequent occurrence with teachers and other brain workers and the remedy is shown by the experience of Mrs. Fay Hubbard, a school teacher, of Yorkville, Ill., who says:

"Several years ago I was so nervous that it seemed that I was losing my mind. I had suffered from nervousness for several years but it had never been so serious. The nervous spells would come on with such pains in the top of my head that I was forced to scream and cry out. Hearing any one talk or visiting around me would make me frantic. I had no appetite, there were pains in the pit of my stomach and gas constantly formed. Food disagreed and caused nausea. My back and legs pained a great deal and my kidneys were affected. I lost weight and became very weak."

"I was treated by doctors for a long time but their medicine did not cure me. My husband had read of Dr. Williams' Pink Pills and decided to have me try them. A few boxes relieved me so much that I gave them a thorough trial and was entirely cured. I think very highly of Dr. Williams' Pink Pills and am very glad to recommend them."

Dr. Williams' Pink Pills are the most direct cure for nervous troubles because they remove the cause of these diseases by building up and purifying the blood. The pure blood which they make furnishes the nerves with needed elements until they are restored to their normal strength. The pills have cured many remarkable cases of nervous disorders that no sufferer can afford to neglect giving them a trial.

They can be obtained at any drug store or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., at 50 cents per box; six boxes for \$2.50. While so promptly effective, Dr. Williams' Pink Pills contain no harmful stimulants or opiates. They are perfectly safe and create no drug habit. Write for a free copy of our new booklet, "Diseases of the Nervous System." The booklet describes symptoms and gives much useful information. It will be sent free on postal card request.

BIG CIRCUS WILL SHOW HERE MAY 2

Spring brings us many things, but best of all, it brings the circus. My, what a clamor goes up from the younger folks when announcement is made of this fact and their enthusiasm soon inspires the older ones, and alike they watch earnestly for the posting of the first flaring banner.

Well, the first show to reach Newark this season will be one of the biggest shows on the road, that of Forepaugh & Sells, which comes to Newark on Tuesday, May 2.

Mr. Pettit, contracting agent for the Forepaugh-Sells people, was in the city Thursday, making the necessary arrangements for his show. He left the same evening for Philadelphia.

BENCH SHOW IN THIS CITY APRIL 26 TO 29

The Newark Kennel club has received dates for an annual bench show for April 26 to 29 and entries will open March 25, 1911, at Lippincott's feed store, 19 South Fourth street, which will be headquarters for the show.

The prize list includes 50 silver cups and two prize pennants. Dogs do not have to be pedigreed as the club officials can list them with the American Kennel club for 25 cents each.

The entrance fee is the same as at previous shows, \$1 in each class, and there are over 50 classes, and all dogs entered on March 25 will get in two classes for the price of one.

A F. Hahwald, one of the best judges in the ring today, will probably officiate here, and all fanciers are recommended to get their entries in as early as possible, or at least come and talk it over with the secretary of the club, H. C. Lippincott.

CARRIES 11 IN MONOPLANE.
Doria, France, March 24.—Aviator Louis Breguet made a record performance yesterday when he carried 11 passengers in his monoplane a distance of two miles. The flight was made at a height varying from 50 to 75 feet. The total weight of the 12 persons was 1315 pounds and the combined weight of the machine and its occupants was 2602 pounds.

Smart Suits and Top Coats For Spring Wear

We have, on many occasions enjoyed the privilege of making suggestions to the well-dressers of Newark and we feel, with justifiable pride, that on no occasion have our advice been misdirected.

The season to abandon the winter clothes and secure a Spring Suit and Top Coat is here, and the pleasure and satisfaction that will come from these garments bring with it our strongest endorsement.

SOCIETY

One of the largest audiences that has gathered in the lodge room of Newark Lodge, No. 13, Knights of Pythias, of this city for a long time, was that which came together on Thursday night. The occasion was an open house of the lodge at which their friends had been invited to attend. For over fifteen years Newark Lodge, Knights of Pythias, has occupied the large hall in the Hilbert & Schuss building, and now that it is about to change its quarters to the rooms occupied by Roland Lodge, K. of P. in the Anker block, it was deemed proper to give a farewell entertainment in the old hall. Over two hundred Knights and their lady friends were in

attendance and witnessed the fine entertainment which was presided over by Mr. Fred Wilson.

The entertainment opened with an address by the chairman, Mr. F. S. Wilson, after a number had been rendered by the Pythian Orchestra, which is one of the finest musical organizations in the city. Mr. Wilson spoke of the many associations that had been formed while the room had been occupied by the lodge, and the regrets that were had in leaving it. His address was one adapted to the occasion and was greatly appreciated by all. Addresses were also made by E. F. McDonald, Theo. Tedrick, C. L. H. Long, Ross Tedrick, George L. Warner, and George W. Horton. The addresses were interspersed by selections by the Pythian Orchestra and the male quartet consisting of B. F. McDonald, Ferguson, Marshall and Horton.

Mr. and Mrs. George Deveraux entertained Monday evening, March 20,

with a surprise on their sister, Miss Hazel, in honor of her fourteenth birthday. Those present were Messrs. Anderson and daughter Bernie, George Deveraux and sons Richard and Raymond. Mrs. Ray Penick, the Misses Marie Bourne, Elma Long, Lola Hartman, Charlotte Andrews, Grace Berry, Selma Morrison, Gladys Cass, Elsie Patterson and Margaret Martin, Messrs. Albert Black, Curtis Berry, Fred Andrews, Ralph Cass and Frank Berry. Miss Hazel received many beautiful postcards as souvenirs of the day. The evening was spent in games and music.

The vestry of the Trinity Episcopal church entertained on Thursday evening in the church with a dinner party of beautiful appointments. The guests were the inactive members of the church. The dinner consisted of a menu of several courses and was served by the Daughters of Trinity.

The tables presented a pretty appearance with their center clusters of red carnations and the individual candlesticks bearing crimson tapers and canopies. Covers were laid for eighty-five men. After the dinner a smoker was held.

Mrs. Clifford Sturgeon is entertaining the members of her thimble club this afternoon with a winter picnic at her home in North Fifth street. Each member is entitled to ask one guest.

Miss Ethel Rugg will entertain the members of her embroidery club at her home in East Locust street on Saturday afternoon.

Mrs. T. L. Davies of West Church street is hostess this afternoon to the members of her thimble club.

The Thursday Evening Euchre club was entertained on the club night at the home of Miss Dot Woodward in West Church street. The meeting was featured by a dinner party of pretty arrangements. The table was decorated with yellow candles and flowers and to the place cards was attached a fluffy yellow chick.

The evening was spent in sewing. The guests of the club were Miss Helen Dick of Cincinnati and Mrs. Walter Frazer of Frazeysburg.

Mr. and Mrs. S. F. Wendtke entertained a few friends informally on Thursday at their home. The event was a card party and following the game a delicious luncheon was served. The following were guests, Mr. and Mrs. Raymond Burch, Mr. and Mrs. Charles Remillet, Mr. and Mrs. O. E. Seward.

Mrs. P. W. Faust entertained the Wednesday Afternoon Literary Circle at her home in North Fourth street on the club day. The afternoon was given over to readings, sewing and a musical program.

A dainty luncheon was served the following: Mesdames Raymond Burch, S. F. Wendtke, C. L. V. Holtz, Geo. Shriver, W. C. Briggs, O. T. Marosky, Fred Squiggins, O. E. Seward.

The Thursday Afternoon Sewing club was delightfully entertained at the home of Mrs. Perry Ament in North Williams street. The afternoon was pleasantly spent in sewing and a dainty refreshment was served the following members: Mesdames Harry Collins, Alfred Hauk, Walter Freese, Clark Provin, Orlando Pound, Frank Farmer and John Burrell. The guests of the club were Mrs. P. J. Haidt, Mrs. L. M. Loughman and Martha Burrell.

The Athletic Association of Newark High school on Thursday evening entertained the members of the three basketball teams of the city with a banquet at Kuster's Cafe. The banquet was served at eight o'clock; the appointments were delightful.

The diners were placed at a table extending the length of the room and a menu of three courses was served. Those seated were Misses Irma Asbach, Marie Eveland, Gladys Laughlin, Helen Africa, Olive Kent, Eva Warner, Edna McCann, Mary Swingle, and Estella Devlin of the Girls' team; Messrs. James Brown, Roy Meyer, Royal Keyes, Bentley Sook, William Ashley, Russell Long, Donald Wright, Vilas Long, Ned Warner and Roy Laughlin of the Boys' team; Messrs. Edwards, Livingston, Cromer, Millisor, Patterson, and Stinson of the Faculty team.

Following the banquet an hour of discussion and after dinner stories were enjoyed. An election was held for the appointing of captains for the teams for next year. The girls elected Marie Eveland, captain, the boys William Ashley and the faculty Mr. Millisor.

A flash picture was then taken of the group.

Thursday afternoon and evening marked the spring millinery openings and practically every store in the city yesterday for the first time fully displayed their spring offerings. A visit to the parlors proved an irresistible temptation to buy in spite of a chilly wind which made one feel that a fur hat might be more comfortable. Everywhere was a hint that spring had been ushered in with full consideration. Flowers of the brightest hues were found in myriads and the beautiful millinery creations of the light and airy spring, adorned with color combinations a few years ago undreamed of, were placed where they might the quickest attract the eye.

Fortunately the hats are both large and small, that is if you want a large hat it may be large in every sense of the word, but if small they are ridiculously small.

An especially beautiful hat was seen last evening. It was one of the larger hats in the purest of white straw, and the wide rim rolled only the slightest bit at the edge and then sloped into a crown which was shaped something like the home of the small ant. The rim was faced with a coral covered satin and by the way the coral trimming is the fad which the spring mill-

linery world has brought us. The only trimming was two broad straps of the straw edged with a piping of white silk and filled in with a coral bead trimming. These lapped each other on the crown and were caught at one side with a coral and white bead ornament. The white and coral effect together with its elegant simplicity was stunning.

Another one was of a pretty shade of blue. The shape was of a large broad rim with an ordinary round flat crown, but the crown and the rim, to within about two inches of the edge, were closely covered with a blue chiffon with gold figures, this giving the hat the appearance of the gilt flowers being stamped on the straw. The only trimming was a wreath of spaced clusters of small pink and blue flowers.

Recipes for March 25, 1911.
Pistachio Cake—Cream together one cupful of butter and one and one-half cupfuls of powdered sugar; add gradually one-half of a cupful of milk, one scant cupful of flour and one scant cupful of cornstarch. Beat well, add ten drops of extract of bitter almond and two tablespoonfuls of orange flower water, then the stiffly beaten whites of six eggs and one teaspoonful of baking powder. Beat hard for five minutes and bake in jelly tin.

Filling for Cake—Take two cupfuls of granulated sugar and boil with one cupful of water until the syrup will spin a thread. Pour it slowly over the whites of three eggs which have been whipped to a very stiff froth. Color with green color paste, add one teaspoonful of pineapple flavoring or one teaspoonful of orange flower water and a few drops of extract of bitter almond. (The mixture of the two gives the desired pistachio color) and two tablespoonfuls of finely chopped pistachio nuts. Beat until thick and cold, then spread between the cake layers.

AN EASY AND HARMLESS WAY TO DARKEN THE HAIR.

Who does not know of the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is led by many scalp specialists to be connected with loss of color and vitality of the hair. Evidently, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur, if properly prepared. The Wyeth Chemical Company, 74 C. Street, New York City, put up an ideal preparation of this kind, called Wyeth's Sage and Sulphur. It is sold by all leading druggists for 50c. and \$1.00 a bottle, or is sent direct by the manufacturer upon receipt of order.

For sale and recommended by F. D. Hall, druggist.

HEALTH PROVERBS

Some of the health proverbs which should be posted in the hat:

"The man who says he had rather have smallpox than be vaccinated never had the smallpox."

"An open window is better than an open grave."

"Warm rooms have killed more people than ever froze to death."

"If you let the child have measles when he is young you may save a doctor bill later on, but you may have to pay the undertaker now."

"A good iron pump costs less than a case of typhoid."

"If your milkman brings you warm milk make it hot for him."

"Wire screens in the windows may keep crows from the door."

"A dog in the milk often means a member of the family in the grave."

"If some people were as much afraid of flies as they are of bad water they would be less typhoid."

"When you see a child looking like an angel do not kiss it, you might make a bad angel out of it."

"If a cat may not sound so dangerous as a child fever, but ask the doctor."

FORCES BEING CUT DOWN.

The Pennsylvania railroad is cutting on a policy of retrenchment and forces in many instances are being cut down. Reports to the effect that the road has decided to do away with its detective force on this division, will not be confirmed here. However, Edward Masterson, who is regarding the matter, today said he was to be stationed at Toledo for a few days, but did not know that he would be permanently transferred.

**REPUBLICAN
STATE TREASURER
GRAFT STOPPED**
Several years ago Ohioans were
startled at the revelations of graft by
a legislative investigating committee
which pried into the state treasury de-
partment during the administration of
the late W. S. McKinnon. The appoint-
ment of this committee was brought
about largely by the efforts of John N.
Stockwell, a Cuyahoga County Demo-
crat, who was then a member of the
House, and the committee's disclosure
that Republican state treasurers had
been gratifying interest earnings on
state money deposited in banks roused
the ire of Ohio electors and caused
them to sweep out Republicans from
state offices.
State Treasurer Creamer began a
fight for a law requiring the honest
handling of state money immediately
after being inducted into office two
years ago, but until this year when the
Democrats obtained control of the
general assembly a Republican legisla-
ture balked. Democrats recently en-
acted the Cetone bill for the competi-
tive bidding for state funds and the
wisdom of this action was demon-
strated Monday when new bids from
Ohio banks for deposits were opened.
Treasurer Creamer. The interest
ings this year will be \$65,000 more.
If the awards had been made under
the old depository law, which a
Republican legislature enacted as a sop
to appease the wrath of Ohio electors
under the new Cetone law
would be 3.5 per cent to 4.5 per cent
interest on inactive accounts, while
but 2.5 per cent interest was received
under the old law. A bid of 2.665 per
cent was offered Monday for active ac-
counts, while before only 1.5 per
cent had been paid. The Cetone bill
will divert \$66,000 from the treasury.

**CONSTITUTIONAL
DELEGATES ON
SEPARATE TICKET**
Important Matters to Be Considered
for Organic Law Settlement
of Temperance Question.

Columbus, March 23.—One of the
important measures before the legisla-
ture is the bill providing for the
election of delegates to the Constitu-
tional Convention. If the measure is
enacted in its present form delegates
to the constitutional convention will be
nominated under the regular primary
law, but will be elected on ballots
which contain no party designation.
The people will not give any attention
to party affiliations; the Green bill
becomes a law.
"Citizens want to send to this con-
vention their ablest men—men of
ability, high ideas, of knowledge of
the needs, and an actual apprecia-
tion of the progress the state has
made, and the changes that progress
demands," said Governor Nichols.
The temperance question will be
one of the principal subjects to set-
tle by the constitutional convention
when it assembles, but it should not
and will not be the controlling in-
fluence in the election of delegates to
the convention.
There is but one fair way to settle
this temperance question in Ohio
and stop the present deplorable agi-
tation of the fact was to have a con-
stitutional convention to submit two
separate propositions to the people for
their decision when they vote. One is
for state wide prohibition and the other
is for regulated license.
This method of settling this vexed
question does not have the approval
of the Anti-Saloon league agitators,
according to the best information that
can be obtained. If it is under-
stood generally among the people
that this question can be settled in
this manner, other great questions
can be brought to the people for their
decision if they possess the qualifica-
tions necessary for the great
responsibilities entrusted to them.

MAKE THIS TEST
How to Tell If Your Hair Is Diseased.
Even if you have a luxuriant head
of hair you may want to know whether
it is in a healthy condition or not.
Ten percent of the people need a hair

white and shrunken, it shows that the
hair is diseased, and requires prompt
treatment. If its loss would be avoid-
ed, the hair is pink and full, the hair
is healthy.
We want every one whose hair re-
quires treatment to try Rexall's
Hair Tonic. We promise that it shall
not cost anything if it does not give
satisfactory results. It is designed to
overcome dandruff, relieve scalp irri-
tation, to stimulate the hair roots,
to tighten the hair already in the head,
to grow hair and cure baldness.
It is because of what Rexall's
Hair Tonic has done and our sincere
faith in its goodness that we want you
to try it at our risk. Two sizes, 50c and
\$1.00. Sold only at our store—The
Rexall Store, Hall's Drug Store, 10

And Feeling Like a New Man After
Being a Nervous Wreck and Un-
able to Do a Stroke of Work.
Mr. B. Arthur, of R. F. D. No. 1,
High Point, N. C., writes as follows:
"Last July I was taken sick. I
was very nervous and weak. Could
not sleep at night and was unable to
do any work. I tried two doctors, but
did not receive much benefit from them.
A friend of mine told me of Duff's
Pure Malt Whiskey and I bought a
bottle and took it. I am now
strong and well. Can sleep at night
and have my appetite like a horse."

OPPIUM
Imported Into China by Great Brit-
ain Causes Former Government
to Ask for Release of
Treaty.
Washington, March 23.—President
Taft may want peace and friendship
with Great Britain, but the interna-
tional reform bureau here is dead
against John Bull because of his
opium selling operations in China.
In a special statement just issued
by Wilbur F. Crafts, superintendent
of the bureau, Great Britain is se-
verely censured for her tacit acqui-
escence in the importation of Indian
opium into China, while joining the
international crusade against the
drug. Within the past few days an
international anti-opium convention
at Peking appointed delegates to urge
upon the British government abrogation
of the agreement which would
permit the sale of Indian opium in
China for seven years longer. The
Chinese government has prohibited
opium smoking after one year.
"In 1906," Dr. Crafts declared,
"following a resolution of the British
parliament requesting the govern-
ment to bring the Indo-Chinese
opium trade to a speedy close, the
Chinese government agreed to the
closing of opium dens in six months,
and the gradual suppression of op-
ium raising and use of the drug
during ten years, during which period
also the British government
agreed to decrease the export of op-
ium to China to the same degree. It
during three years." China pro-
duced not less than one-twentieth
a year.
Instead of reducing three-tenths,
China has now reduced its own pro-
duction to one-tenth and opium trade seven-
tenths in three years, and has shown
such enthusiasm in the reform, in
spite of the sale of British opium all
the while, that the new Chinese gov-
ernment has already decreed opium
prohibition to take effect in one year,
subject to imperial approval.
"The Chinese government has re-
cently asked the British government
to release it from the ten years'
agreement and also from the opium
treaties secured by three opium
wars, but the British government has
persistently refused China's request.
It is strongly supported by the Brit-
ish people in numerous petitions, al-
though India has received as much
revenue in three years as was expected
in ten."

TWO BONAPARTES.
(New York World.)
Former Attorney-General Bonaparte
of Baltimore is panic-stricken at the
thought of a foreign invasion. "Any
one of several great powers today," he
says, "could land on our shores tenfold
the number of soldiers we have placed
on the Mexican border, in less time
than was needed to bring General
Rosa's brigade across the Atlantic in
1914."
Two hundred thousand men are quite
a large army to move by sea 3,000
miles or more. To bring them across
the ocean would require an immense
fleet of transports, an entire navy of
warships to convoy them and a third
fleet of vessels to provision and coal
the expedition.
Another Bonaparte, who is generally
credited with having possessed a little
military talent conceived the idea as
long ago as 1797 of landing an army
in England. He harbored the plan for
several years afterward. In 1801 he as-
sembled on the coast of the English
Channel near Boulogne an imposing
army, built a great number of flat
transport boats and practised the in-
fantry in sea service. It was one of
the finest and best armies ever at Na-
poleon's disposal, but he never dared
attempt a landing in England. The
same year the army of 150,000 men that
Napoleon sent to Hayti under General
Leclerc to quell a negro insurrection
was driven from the island.
Perhaps Napoleon Bonaparte lacked
the imagination of Charles Joseph
Bonaparte. It may be that he lacked
the American Bonaparte's knowledge
of the science of war. If only he had
had the Baltimore lawyer's help he
might have invaded and captured Eng-
land. Moving hundreds of thousands
of troops not merely across the Chan-
nel but across the Atlantic is easy for
a man who was Secretary of the Navy
for a few months.

Granville, O., March 24.—One of
the most and the most enjoyable
of the week was the surprise party on
Mr. David G. Davis, Tuesday evening
in honor of the first anniversary of
his birth. The affair was planned
by Mrs. Davis and her daughter, Mrs.
J. A. Davis of Columbus, and was car-
ried out to the great satisfaction of
all concerned. Mr. Davis had left
his home and his recent found
about 20 of his old comrades in pos-
session of the house, ready to wel-
come him. Mr. Davis, for a short
time, was unable to comprehend the
meaning of the demonstration, but
quickly realized that it was his
birthday and that his good friends
had come to meet him in celebra-
tion of the event. He had hardly re-
covered from the shock incident to
finding his friends in possession of
the house when he was given another
surprise. The Rev. L. L. White, on
behalf of his old comrades, presented
him with a handsome rocking chair.
A good song followed, when
Mrs. Davis presented her choice of
gifts. The affair was a most suc-
cessful one and a most demon-
strated that the friends of David G.
Davis are still united and ready to
celebrate his birthday.

transport boats and practised the in-
fantry in sea service. It was one of
the finest and best armies ever at Na-
poleon's disposal, but he never dared
attempt a landing in England. The
same year the army of 150,000 men that
Napoleon sent to Hayti under General
Leclerc to quell a negro insurrection
was driven from the island.
Perhaps Napoleon Bonaparte lacked
the imagination of Charles Joseph
Bonaparte. It may be that he lacked
the American Bonaparte's knowledge
of the science of war. If only he had
had the Baltimore lawyer's help he
might have invaded and captured Eng-
land. Moving hundreds of thousands
of troops not merely across the Chan-
nel but across the Atlantic is easy for
a man who was Secretary of the Navy
for a few months.

**CELEBRATED
ANNIVERSARY
WITH SURPRISE**
Delightful Affair at Granville in
Honor of David G. Davis—News
of the Village.
Granville, O., March 24.—One of
the most and the most enjoyable
of the week was the surprise party on
Mr. David G. Davis, Tuesday evening
in honor of the first anniversary of
his birth. The affair was planned
by Mrs. Davis and her daughter, Mrs.
J. A. Davis of Columbus, and was car-
ried out to the great satisfaction of
all concerned. Mr. Davis had left
his home and his recent found
about 20 of his old comrades in pos-
session of the house, ready to wel-
come him. Mr. Davis, for a short
time, was unable to comprehend the
meaning of the demonstration, but
quickly realized that it was his
birthday and that his good friends
had come to meet him in celebra-
tion of the event. He had hardly re-
covered from the shock incident to
finding his friends in possession of
the house when he was given another
surprise. The Rev. L. L. White, on
behalf of his old comrades, presented
him with a handsome rocking chair.
A good song followed, when
Mrs. Davis presented her choice of
gifts. The affair was a most suc-
cessful one and a most demon-<

Nearly everybody knows that Ivory Soap is the best of bath, nursery and fine laundry soaps.

But a great many people do not know that it is just as good for the toilet as for the bath.

It is, though; and for the same reason: *It is pure soap and nothing else.*

COURT NEWS

Common Pleas Court.
Modern Woodmen of America vs. Louis Daerr and Harry Daerr, a suit by way of interpleader, brought by the M. W. of A., alleging that it has money in its hands and that it is willing to pay the person whom the court may direct, the money arising from a certificate issued to Harry Daerr, who is now deceased. The court sustained a demurrer to the answer and cross petition filed for the guardian of Harry Daerr on the ground that the same does not contain facts sufficient to enable defendant to the relief asked.
Mary M. Smith vs. Earl C. Smith, et al., an action in partition. Sale reported made. The proceedings being regular, the sale was confirmed and distribution ordered.
Frank C. Parrish, et al., administrators vs. Alice C. Browning, et al., judgment of dismissal.
Chester Lee vs. Board of Education of Fairbury township, judgment of dismissal.
The bar docket for the April term have just been printed. They contain 221 cases. The court has been industriously weeding away and the docket now contains the smallest number of cases for years.

Filled Exceptions.
Exceptions were filed by Elvaz Evans to the accounts of Ada Seward, an executor of the will of Marjorie E. Evans, deceased, were heard in the probate court Friday. Judge Hunter reserved his decision. Owen A. Nash represented the executors, and Kibler & Kibler represented the executor.

Billed Commission.
The members of the Licking County Relief Commission consisting of Julius Juch, president; F. L. Ferguson, secretary, and C. L. H. Long, met in the convention room of the court house, Friday morning for the purpose of passing on applications for relief and transacting any other business that might come before the board. Twelve applications for relief were granted.

Licking Prisoner Violated Pen Rules By Shooting Crap

Word has been received here from Columbus that James Jones, colored, of Licking county, and another colored man named John Wilkerson, from Hamilton county, both serving sentences in the penitentiary for robbery, Jones for six years and Wilkerson for five years, are now confined in solitary cells as a result of a little crap game Thursday. It appears that when the guards went looking they pulled out the outlawed dice and began shooting sevens and eights at fifty cents a throw.

CLEANING OUT THE OLD CANAL

Upon request of Health Officer Dr. Knauts of this city, Chief Engineer James Marker of the State Board of Public Works, issued orders to Superintendent Samuel Brown to clean out the canal through the city.
Friday Superintendent Brown with a force of workmen started raking the bed and the accumulated rubbish will be hauled away Saturday.

THAT AWFUL BACKACHE

Cured by Lydia E. Pinkham's Vegetable Compound

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and am enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my work, washing and everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.
Backache is a symptom of organic weakness or derangement. If you have backache do not neglect it. To get permanent relief you must reach the root of the trouble. Nothing will do more for it than Lydia E. Pinkham's Compound.
Write to Mrs. Pinkham, at Lynn, Mass., for special advice. Your letter will be absolutely confidential, and the advice free.

INSTANT RELIEF FOR SORE FEET

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well, No Matter What Ails Them.

Policemen all over the world use TIZ. Policemen stand on their feet all day and know what sore, tender, sweaty, swollen feet really mean. They use TIZ because TIZ cures their feet right up. It keeps their feet in perfect condition. Read what this policeman has to say: "I was surprised and delighted with TIZ for tender feet. I hardly know how to thank you enough for it. It's superior to powders or plasters. I can keep my feet in perfect condition. Believe in my earnest gratitude for TIZ. I am a policeman and keep on my feet all day."—Emzy Harrell, Austin, Texas.

You never tried anything like TIZ before for your feet. It is different from anything ever before sold. TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet. You'll never limp again or draw up your face in pain and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is for sale at all druggists at 25c per box, or it will be sent you direct if you wish from Walter Luther Dodge & Co., Dodge Building, Chicago, Ill.

Recovering From Grip.
Miss Margaret Turnbull, the genial accommodating manager of the luncheon room at the B. & O. depot, who has made many friends in Newark, is just recovering from a severe attack of the grip.

Avoid the Rush.
Now is the time to place your order for a new cement sidewalk. As many people expect to have new walks laid in Newark this spring, better get your order in early and avoid the rush.

New Cement Pavements.
The Advocate would like to print the names of people who will replace their old broken-down walks with new cement walks this spring. When you let your contractor tell the contractor to notify the Advocate.

Train Rider Fined.
Henry Sweeney, a train rider, was arrested by B. & O. Special Officer Roberts and taken before Justice Holton, who fined him \$1 and costs. The fellow charged that out of work, and said he was going to Philadelphia, where he had been promised a job.

Highly-First Birthday.
Joseph Brown, who resides with his son Edward, on Gainer avenue, celebrated his 81st birthday Friday. Mr. Brown is very active for his age and is still able to do a good day's work. He is hale and hearty and received many congratulations on his natal anniversary.

Condition is Serious.
The condition of Mr. Al Green, who is at the Newark Sanitarium, is very critical. Mr. Green on last Tuesday evening was ascending the stairs at his home in Channel street when his foot slipped off the edge of the step and he fell forward, striking his abdomen and receiving severe internal injuries, which are considered extremely serious.

Joint Inspection.
A joint inspection of Acme and Newark lodges of Masons of this city is being had this afternoon and will continue this evening. Grand Master Perry is here and is inspecting the two lodges. A banquet is to be served at 6 o'clock this evening, after which the Master Mason's degree will be conferred on two candidates, one from each of the two lodges.

CIVIL ENGINEERS

Returned From Panama and Are Satisfied With the Work Done There.

New Orleans, March 24.—Sixty members of the American Society of Civil Engineers have arrived here on the steamer Heredia from Colon, Panama, where they went at the suggestion of President Taft to inspect the work done on the Panama Canal. Other members of the party returned direct to New York from Colon. It was announced that the engineers are unanimous in the approval of the work which has been done by Colonel Goethals and they confidently believe the canal will be ready for service in 1913.

IRON TRADE REVIEW

Cleveland, O., March 24.—The Iron Trade Review today says:

Specifications against contracts in practically all branches are satisfactory and mill operations are as heavy as at any time in several months. New business is probably not as large as last month and is being handled quietly. Prices on all finished materials are firm, although some mills are showing a disposition to accept business at today's prices for delivery into the third quarter. Until recently, contracts in most cases were limited to July 1. During the week several sheet mills opened their books for third quarter delivery at today's prices. Manufacturers of steel bars, tin plate and hoops and bands are also accepting third quarter business at the present prices. Aside from the buying of track supplies on account of usual spring maintenance and betterment work, there has been no material increase in buying on the part of railroads. During the past few days, however, some additional inquiries for freight cars have appeared, including 2000 for the Pittsburgh & Lake Erie and an equal number for the Buffalo, Rochester & Pittsburgh railroad. The Pennsylvania is in the market for car material for 1000 cars to be built at its Altoona, Pa., shops.

CLERKS

In Congressional Library Kept Busy While Congress is in Session.

Washington, March 24.—Much as many congressmen may dislike to return to Washington for an extra session that bids fair to extend through the summer months, their grief is not greater than that of the employees of the congressional library. When congress is not in session, a position in the big \$6,000,000 library is more or less a sinecure. Save for a few scattered students, the big reading rooms are practically deserted, and the clerks have a hard

time finding work to occupy them.

But when the statesmen and near-statesmen get busy, things are different. Then the library clerks earn every cent of their salaries and more besides. There are constant calls for copies of the old Congressional Globe, which was the name the present Record went by half a century ago. Unusual books tucked in out-of-the-way places are demanded—and the employees declare they encounter few congressmen in whom patience is a noticeable virtue.

"We were just getting ready to have a nice long rest, when the president had to go and call an extra session," declared one woman clerk. "I think President Taft is just to mean for anything."

BILL FOR THE INSPECTION OF HIGH SCHOOLS

Columbus, March 23.—Heated declarations that the Ohio State University, which means President William O'Neil, was endeavoring to interfere with the state school system, were made on the floor of the House of Representatives yesterday by John H. Browder, the member from Darke, and J. H. Lowry, the member from Henry. They charged that last year he had opposed the passage of the bill for the inspection of high schools and had named it up until he found into it an amendment providing that his institution might also inspect, and that the work of the commissioner's office should not apply.

The bill which brought out this matter is by Mr. Browder and seeks to give the new State School Commissioner the right to name his own high school inspectors. The outgoing commissioner, John W. Zeller, insists upon doing this. In the bill there was struck out the amendment which President Thompson had placed in it last year. Representative Jenkins of Madison, tried to restore it, and this caused the bitterness of his opposition to Thompson to open.

Browder declared that his bill was in

the interest of the 98 per cent of high school pupils who did not go to the university, and he charged that the university president would destroy the high school system if he was not curbed. Representative Lowry asserted that the university should remain exactly what it was and not interfere with the common schools. The Jenkins amendment was overwhelmingly defeated, indicating that Mr. Thompson, who had been writing letters to members, was not as stout as he was last year.

The bill was then voted upon and passed 61 to 27. The opposition was principally Republican, as it was charged that the bill was simply designed to take over certain offices and augment the Democratic officeholding forces. The friends of the bill insist that this probably emanated from that prolific source of general rumor, the State University.

Any body who would tell you that it is the state that often necessitates a visit to the clinic.

CLERIC'S ERROR

How a London Clergyman Shocked an Audience of Actors.

"I am reminded of an incident that came under my observation in London last summer," says Matthew White, Jr., in *Mansey's Magazine*, discussing the social century of the passing of actors from vagabonds into social respectability. "It took place at the annual meeting of a semi-charitable organization that provides a club-room for minor actresses, the affair being under the patronage of nobility and the leading members of the profession. The gathering was held at the St. James theatre through the courtesy of Mr. George Alexander. Miss Fanny Brough presided, and a capital address, full of pungent humor, was made by Miss Compton, the talented wife of R. C. Carter. "Owing to the court mourning, an Anglican bishop, who was down for some remarks, could not be present, and a minor ecclesiastical dignitary, whose name I have forgotten, was brought in to take his place. It was evidently this gentleman's first appearance behind the scenes. Perhaps the experience went to his head, and he did not realize what he was saying; or possibly his faux pas was merely due to his anxiety to show his fraternal feeling toward the players. Whatever the cause, alluding to the better social status of the players, he said that in former days it was sometimes customary to brand them as vagabonds and bore a hole in their ears with an awl, that the citizens might thus be forewarned. And when he added the cleric facetiously, but that it is a survival of an endeavor to hide this mark of indignity that causes some of the actors, even today, to wear their hair long."

"The audience sat petrified to hear such a witticism addressed to an assembly made up wholly of members of the profession. On the stage, two chairs removed from the speaker, sat H. B. Irving. Unable to conceal his disgust, he moved restlessly until his back was turned toward the reverend gentleman. The instant the address ended Mr. Irving got up and left the theatre. "Miss Brough told me afterward that she suffered agonies of mind as she listened to the worthy divine's fatuous plunges, and lamented the fact that she was not near enough to endeavor to head him off by a pull at the skirts of his clerical frock."

DOES PUNISHMENT FIT THE CRIME?

Every week or two the Department of Agriculture issues quite a number of pamphlets containing notices of judgment awarded in cases involving the prosecution of manumittees who violate the Fugitive and Deeds Act. The activity of the department is to be commended, for the fact that a manumitter of the law, but something seems to be wrong with the punishment meted out to the offenders. Recently thirty-five cases of tomato sauce, which were on sale in a northern city were seized and after the procedure of law the commodity was destroyed, not only because the sauce was in a state of decomposition, but also by reason of the fact that no one appeared in court to claim the suit.

Under the date of March 2, the department issued a notice of judgment in the case of the United States against the St. Louis Crystal Egg company, from which it appeared that samples of the "food product" as found the presence of 250,000,000 organisms per gram, of which number 10,000,000 were of a type indicating a highly decomposed animal substance. The analyst found that the contents of the barrel consisted of dried eggs in which were also dirt, egg shells, pieces of flies, and an excessive number of micro-organisms, by reason of which the product was filthy, putrid and partly decomposed. Had not the food inspectors made the error, the eggs would have gone through and been used for human consumption. And yet when the case was brought to trial the defendant entered a plea of guilty and the court imposed a fine of \$10 and costs.

It is quite remarkable in the great many successful prosecutions by the department that the fines imposed are only nominal, and it does seem that the effort to rid the country of filth, impositions, adulterations and frauds might receive more effective support.

City Gardens.

A movement is on foot in Washington to add to the beauty of the Nation's Capital by the conversion of lawns and vacant lots into gardens. Much has already been done by the Federal government in this direction. The triangles, squares and circles which exist at the intersection of streets and avenues are adorned during the spring, summer and autumn by the display which the gardeners of the public gardens provide. The proposed movement, however, goes further and appeals to the individual resident to take a personal interest in his own property. Rochester, N. Y., has set an example in this direction. Charleston, S. C., every year has a wonderful display of azaleas and magnolias while the floral wealth of Los Angeles and Santa Barbara, Cal., make those places famous everywhere. The City of Washington has already set an example to other American cities in civic development and if this new movement is successful, the city blooming like the rose, will not only show the foreigner that we will not always materialize with no sense of beauty, but a movement will be set on foot which spread from ocean to ocean. This beautification of city streets not only has an uplifting influence, but it also has a commercial value to the community.

No, Maude, dear: the earth doesn't resemble a grindstone simply because it turns on its own axis.

Reliable Laxative for Old People Given Free

Life is so arranged that there is a close resemblance between infancy and old age. By this is meant the mental but the physical faculties. For example, the organ of digestion is the most difficult thing the child has to contend with, as it is that of the old person.

When a person gets past middle life his power of digestion decreases, and continues to grow weaker, and for that reason so many old people are habitually constipated. They try everything recommended from hot water to strong cathartics without avail. Now, if there is any one thing a person of advanced years should not take it is a cathartic. The bowels cannot stand it. What is required is a mild, gentle, non-gripping liquid laxative.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 641 Caldwell Building, Monticello, Ill.

You have it exactly as required in Dr. Caldwell's Syrup Pepsin, which stands today after a generation as the ideal remedy for old people, women, children and all others who require a mild, natural remedy. We could give the names of thousands of old people who use nothing else but Dr. Caldwell's Syrup Pepsin, among them Mr. A. A. Lewis of Boston, Ark., and Mr. Enos Gulpia of Danville, Ill.

They first sent to Dr. Caldwell for a free sample bottle, which every reader is invited to do, and then having tested it and found it satisfactory, they bought it of their druggist at fifty cents and one dollar a bottle. Their words of praise should prompt the present reader to at least send for a sample bottle. It costs nothing. Results are absolutely guaranteed or money will be refunded.

Farming Unprofitable.

A survey of part of the farms in New Hampshire has been made by the Department of Agriculture, the statistics collected covering four townships. From the information obtained the Department officials are inclined to believe that the "abandoned New England farm" is a myth. Only 28 per cent of New Hampshire is improved land at all. The remainder was found to be in forest. The farms were mostly small, and while some of the farmers were making money, many of them were as they said, "working for nothing"—that is, their farms did not pay 5 per cent on the capital invested, to say nothing of their labor. The average earnings of the farmers in the region investigated was \$237 a year. Another interesting fact developed was that most, though not all, of the older farmers were losing money, and it seemed to be fairly clear that the period of greatest earning capacity for the New England farmer was before he reached the age of fifty.

Is it true that the farmer was "working for nothing?" In his "Farm book-keeping" did he credit his farm with the food and sustenance which the farm provided for himself and his family? Is not this an important item? It certainly is to the city worker, who, in these days of expensive living, has very little left after paying for lodging and board bill. Another fact is clear from the statement that the older farmers were losing money. To succeed in any business one must keep not only abreast of the times, but ahead of it. This applies particularly to agriculture which has become today not a business but a science. To succeed in agriculture the farmer must be up-to-the-minute and profit by the lessons which surround him on all sides, and by the excellent work of the Department of Agriculture and the experiment stations. If the investigators had gone a little further it might have been found that the older men who were making money were those who employ modern methods.

JACKSONTOWN.

Mrs. Cora Rogers delightfully entertained quite a number of friends with a St. Patrick's Day party at her home in the east end of the village Friday evening. Mrs. Rogers was assisted by her two daughters, the Misses Ella and Doris, in receiving and entertaining the guests. The evening was spent very pleasantly and an elaborate supper, consisting of chicken potpie, lemon pie, cake, fruit, coffee, apples and cider, was served the following guests: Mr. and Mrs. George Tavenner, Mr. and Mrs. Frank Wince, Mr. and Mrs. S. H. Swartz, Mr. and Mrs. Earl Norman, Mr. and Mrs. Charles Stotler, Mr. and Mrs. Clyde Osborn, Mr. and Mrs. Fred Fulk, Mrs. L. E. Crow, Mrs. Ella Hart, Mrs. Lillie McFarland, Mr. James Dushimer, Misses Miriam Osborn, Elizabeth Osborn, Helen Fulk, Reba Fulk, Margaret Wince, Elvora Stotler and Evelyn Norman.

Mrs. C. B. Griffith is spending several days with relatives in Newark. Mrs. Allan Franks suffered a stroke of paralysis at her home in the village Thursday and is in quite a serious condition.

Mr. and Mrs. Beverly Griffith celebrated their silver wedding anniversary at their home on East Main St. Thursday. Only the relatives and near friends were present. A sumptuous repast consisting of roast goose, chicken and other delicacies too numerous to mention was served at the noon hour. Their many friends unite in wishing them many years of health and prosperity.

Grandfather Handley, who is past 100 years of age, is in very poor health at the present time.

HOW LADIES IMPROVE LOOKS!

"Many ladies, old and young, suffer a round of tortures with their nerves and many are so frail, thin and bloodless, that their splendid features are lost sight of, while a vain attempt to conceal the angularity of their figure deceives no one but themselves, and really excites the pity or ridicule of the world," said a well known, largely employed practicing physician, in a recent lecture at a young ladies' college. "I do not mind exposing a little secret of mine to all such, as it can do no harm and may result in much happiness and health. It is simply this: Any thin, bloodless, nerve-tortured man or woman, can become as fit as the fittest by taking regularly for several months an easily obtained pharmaceutical product known by the profession and pharmacists, as 'three-grain hypophosphate tablets,' put up in sealed packages with directions for home use."
